Announcement to the Market

HALF YEAR PROFIT FORECAST

ChongHerr Investments Ltd is pleased to announce its 2011 half year forecast for both revenue and profit.

Revenue is anticipated to be increased to approximately \$1.5 million and profit to \$170,000. This represents an increase of 37% in revenue and 159% in profit over the corresponding half year period.

The improved result has been underpinned by the growth of export and local sales, driven by the increase in production volume and efficiency. The Board of Directors is confident that the sales will remain strong for the second half of the year 2011.

ChongHerr Investments Ltd is due to formally announce its reviewed 2011 half year results by the end of August 2011.

Yours truly,

Dehui Liu
